EDUCATION

University of California, Los Angeles

B.S. Mathematics of Computation, prospective Musicology minor

Los Angeles, CA

Expected Graduation: 2029

PROJECTS

Independent Music Arranger and Transcriber

2020 - Present

- Accumulated five years of experience in music arrangement and transcription, covering diverse genres such as pop music, film scores, and chamber music.
- Produce arrangements and scores for various instrumentations, including piano solos, piano accompaniments, and string ensembles.
- Publish and share selected works on platforms; single most-viewed work with 1900+ views and 39 saves.
- Arrangement performed by high-school ensembles and the UCLA Con Brio String Orchestra.

EXPERIENCES

Music Data Annotator

(Remote) Shenzhen, China

SoundWave Lab

Jul. 2026 - Oct. 2026

- Annotated around 500 music files per week across multiple projects, with tasks involving genre classification, instrumentation, musical structure analysis, and audio quality evaluation.
- Researched ambiguous or missing genre categories and documented potential additions for project managers when existing labels did not adequately describe a piece.
- Communicated with project managers to clarify uncertain classifications and ensure annotations followed task-specific guidelines.

Musicological Research

Shenzhen, China

Independent Researcher

Jul. 2024 - Aug. 2025

- Conducted literature-based research on Clara Schumann, Fanny Mendelssohn, and Cécile Chaminade
- Performed structured academic review of sources and synthesized historical findings
- Developed skills in academic writing, documentation, and music research methodology
- Research published in Conference Proceedings Citation Index (CPCI)

Film Music Composition & Digital Audio Workflow Internship

HongKong, SAR

iZMusiz

Jun. 2024 - Jul. 2024

- Composed and arranged original film soundtrack material for a Cantonese film project in a professional production setting
- Applied film scoring techniques using digital audio workstations including Logic Pro and FL Studio
- Created and edited musical material using MIDI keyboards and DAW-based production workflows
- Collaborated with a music producer (Isaac Chong) throughout the composition and production process
